RESPONSE

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This is in response to the Office Action of August 3, 2005. Claims 1-120 are pending, claims 16, 43, 71 and 100 having been withdrawn. Claims 5, 6 21-22, 48, 49, 77-78 and 91-92 have been indicated allowable if rewritten in independent form. Claims 1-15, 36-38 and 72-86 have been indicated allowable if the obviousness type double patenting rejection is overcome. The remainder of the claims have been rejected in view of the cited art.

The provisional rejection under the judicially created doctrine of obviousness type double patenting of claims 1-4, 7-15, 17-20, 23-42, 44-47, 50-70, 72-76, 79-90, 93-99 and 101-120 in view of claims 1-64 of the co-pending application number 10/611,583 is respectfully traversed. This provisional rejection is believed to be improper because the claims of the co-pending application serial number 10/611,583 could not have been included in the present application. See MPEP,
